

**Be a sweetheart,
tell somebody about**

Pediatric Stroke

**Infants have strokes, Kids have strokes,
even unborn babies have strokes!**

SOME COMMON SIGNS OF EARLY STROKE

- *Use of only one hand when playing or eating
- *Dragging one foot or walking on toes with one foot
- *Weakness on one side of the body

**If you see any of these signs,
contact your doctor or your state's
early intervention program for assistance.**
